1	<u>ABSTRACT</u>
2	
3	This application is directed to a dynamic storage
4	compartment for modifying the interior space of a vehicle,
5	either as originally equipped or as an after-market
6	modification, so as to provide a means for providing enhanced
7	storage capacity for a vehicle which is characterized by ease
8	of use and the ability to provide secure out of sight storage
9	for valuables.
